

Key Stage 5 Curriculum Map - Health and Social Care

Health and social care industry is one of the largest employment sectors in the UK. It is an attractive industry for people desiring to make a positive difference in society and looking to find secure employment in today's ever-changing economy. Working in this field can also be one of the most challenging and rewarding careers; but it is also the place where you get the opportunity to make a real difference to people's lives each day. This academic Health and Social Care course carries UCAS points for Higher Education study and it offers an insight into many roles that exist within the industry and it also provides an excellent foundation for many other career choices.
